Please join us in person for the NurseTRUST 2022 Annual Summit. This year we are thrilled to be able to provide NurseTRUST members and attendees with a peaceful and calm oasis as we recover from this incredibly difficult year. The theme of our Summit is aptly “Burn Bright.” After the darkness of this last couple of years, how did we, as nursing leaders and as individuals keep the light of our profession bright? If we did not, how can we find that light and once again become incandescent leaders.

*Evening Welcome Reception and Summit Kickoff* - Connect with your trusted colleagues and meet new ones!

**Monday, March 14, 2022**

*Burn Bright: Resilience for High Impact Leadership*  When burnout is on the horizon, there is no real learning, no emotional regulation, little openness to feedback, no movement toward inclusion, reduced innovation, increased resistance to change, decreased judgement, and “truth and excellence” suffer. Yet when individuals, teams, and organizations create conditions to Burn Bright, they can live into those aspirations in real, actionable, and impactful ways. Explore myths and realities of sustained peak performance, assess & describe blocks and barriers to ability to Burn Bright more frequently, review and practice multiple, sustainable recharge tactics, and make individual and team commitments.
